**BUILDING DREAMS**  
**FOR OVER 35 YEARS**

# Why choose us to build your dream home?

With over 200 in the Albemarle area to date, Donald Riddick Builders and his associates take great pride in the homes they have built. Signatures of our quality can be found in several of our completed homes, many available for tour by appointment.

Stick-frame construction to maximize attic storage space, custom hardwood floors, solid interior doors, fiberglass exterior doors, quality windows, gourmet kitchens with granite countertops and custom cabinetry are just some of the features offered by our company.

Our staff works closely with our clients, and are on site daily, to insure that communication and specifications go hand-in-hand. Our long-standing local business relationships allow for unsurpassed quality in materials and workmanship.

We prioritize and schedule work for a smoothly run and timely completion.

Once each home is completed, we maintain close contact with homeowners to insure that all aspects of the finished product meet expectations. We also offer an ongoing maintenance program for each home, which includes effecting repairs during emergencies quickly, insuring the safety and peace of mind of our homeowners.

Ask your neighbors about us. Then give us the opportunity to work with you to plan your project and show you our quality standards that surpasses the rest.

**Consider us for your upcoming building projects. We provide easy-to-understand contracts, are committed to personalized customer service and maintain an ethical and professional relationship with all of our clients.**
